Dear Friends,

We, the principal and the members of staff of College of Computer Science and Information Technology (COCSIT), Latur are pleased to invite you for 2 -Day International Conference on '**Recent Advances in Food, Herbal and Nano-Technology**' which will take place from 12th to 13th January 2018.

The main purpose of organizing this International conference is to enlighten present advances in food, herbal and nano-technology and to extend scope of particular for the betterment of life.

The Organizers:

College of Computer Science and Information Technology (COCSIT), Latur has been functioning for last 17 years and striving to provide the assured quality education in Biotechnology, Computer Science and Management studies. COCSIT is leading to become the first pioneer organization in Marathwada region to take initiative to switch the students from classroom to industry.

In addition to regular curricular and co-curricular activities, Department of Biotechnology is engaging various industrial sample testing and collaborative research projects. We also take initiative to organize Industry-Institute interactions.

College has S. R. T. M. University, Nanded recognized Biotechnology Research Centre in which 12 Research scholars are pursuing research leading to Ph.D.

The Venue:

Latur District is in the south-eastern part of the Maharashtra State. Latur town is situated on the 18.70 latitude and 73.250 longitude. The district is located on the Maharashtra-karnataka State boundary.

Latur has emerged as one of the best educational centers in the State of Maharashtra. The important landmark in education is the consistent best results at S.S.C., H.S.C., U.G., P.G. Courses and Competitive / Entrance examination during last twenty five years. And the whole phenomenon is called "LATUR PATTERN".

Latur city is being connected to Kurduwadi Junction by broadgauge railway track. A broadgauge railway track connects Latur also to Manmad-Secundrabad line which is 32 kms, away from Latur city. An air strip is also constructed at Latur along the Latur- Barshi road.

The Conference:

The purpose of this International Conference on '**Recent Advances in Food, Herbal and Nano-Technology**' to be held on 12 - 13 January 2018 is to bring together industry people, researchers, teachers and students in the areas of food technology, herbal science, cosmetics science, nano-technology etc. and concern researchers in the subject of Molecular Biology, Medical Biotechnology, Biotechnology, Bio-informatics, Microbiology and Plant Pathology in order to enhance employability, research attitude and entrepreneurship of students pursuing biotechnology courses.

This conference provides a platform for the direct interaction among the regional, national and international researchers and scientists.
