Subject:- Regarding Industrial visit.....

Dear Sir,

It would be great pleasure for our students of Biotechnology to see various units of your industry. To visit your industry, we already have a telephonic & e-mail communication. We would be a grateful to you if you give us permission for said tour on 18/07/14 from 9.00am-3.00pm, it will be learning experience for our students to see all the units.

Thanks

Industrial Visit Report

Department of Biotechnology of COCSIT College Latur had organized an industrial visit on 18/07/2014 to Maharashtra Bio-fertilizer Latur, Maharashtra for B.Sc. Biotechnology First year students. The visit was organized under the guidance of Hon. Dr.M.R.Patil Sir & Mr. N.V.More Ms.B.T.Munde was coordinator for whole industrial visit. Industry visit started on 9.30am reached at 10.00am. There are around 28 students with a faculty visited the R & D section of MBF, where the development and maintenances of strains of soil bacteria and fungi was shown by R&D person and had discussion on it. Then around 11.00am students visited the working unit where all large sized instruments like Horizontal Autoclave, Laminar Airflow are in separate compartment along with the setup of hanging fermenters. Technology used in Bio fertilizer production was based German technology. After 1.00pm, we visited quality control and assurance units and production units. During the visit students were satisfied. This industrial visit develops the practical approach towards production of bio-fertilizer in biotechnology, develops awareness regarding production and marketing as well as research. We started return journey at 2.30pm and reached at 3.00pm in Latur

Industrial Visit Report

Department of Biotechnology, COCSIT College Latur had organized an industrial visit on 19/08/2015 to Maharashtra Bio-fertilizer Latur Maharashtra for B.Sc. Biotechnology First year students. The visit was organized under the guidance of Hon. Dr.M.R. Patil Sir & Mr.N.V. More. Mr. Inchure Sir was coordinator for whole industrial visit. Industry visit was started at 9.00am reached around 9.30am at industry. Total 31 students first interacted with manager. Manager introduced the all units of industry. These units were well equipped with modern technology. Students were surprised with the working pattern of R&D sections. Another units of industry, where packaging, filling and sealing products done. They have powder and liquid based fertilizers. Students were encouraged to know applications and marketing strategies MBF industry. Also understood the upcoming importance of Biofertilizer in future. We started our return journey at 2.45pm and reached Latur at 3.15pm.

Industrial Visit Report

Dept. Of Biotechnology of COCSIT College Latur had organized an industrial visit on 22/07/2016 to Maharashtra Bio-fertilizer Latur Maharashtra for B.Sc. Biotechnology First year students. The visit was organized under the guidance of Hon. Dr.M.R. Patil Sir & Dr.N.V.More Mr. V.V.Patil was coordinator for whole industrial visit. Industry visit was started at 9.30am and reached at 10.001m on the same day. Total 24 students and one faculty of Biotechnology Department first entered in R&D unit of industry, where all facilities made available to work on various type microorganism on the basis of their importance. These microorganisms were maintained separately on the basis of their incubation pattern in different incubators. Students had experienced the culturing and handling of different strains of microbes. After visiting this unit students were excited to do training on it and we had communication manager about training program in Biofertilizer production. They give us detail information about it. Registration are made available in specific month on their web site. After visit R & D units, went to see remaining units of industry. Started return journey at 3.00pm and reached Latur at 3.30pm.

Industrial Visit Report

Dept. Of Biotechnology of COCSIT College Latur had organized an industrial visit on 19/08/2017 to Maharashtra Bio-fertilizer Latur Maharashtra for B.Sc. Biotechnology First year students. The visit was organized under the guidance of Hon. Dr.M.R. Patil Sir. Dr.N.V.More. and Total 20 Students from B.Sc Biotechnology first year class and a faculty started journey at 9.00am and reached at 9.30am. Mr. K.Makanikar sir was coordinator for whole industrial visit. Students were first interacted with R&D unit, where advanced technology used in pesticide, insecticide production in liquid and power forms. MBF products made available to farmers in subsidized rate for natural farming. During this visit student were interacted with R & D unit member and discussed the screening and development pattern of strains of bacteria and fungi for the production. Students inspired with industrial visit and ready to work individually on future Biofertilizer production .This visit develops the practical approach towards production of Bio-fertilizer by using German Technology provide immense pleasure to get awareness of advanced technology. Started return journey at 2.30pm and reached Latur 3.00pm
